

We leave the cake and decorations to you and then do what we do best—launch, shoot, fling, and fly.

Standard Package: \$225 - 2 activities for 2 hours and up to 8 kids.

Deluxe Package: \$275 - 2 activities for up to 2.5 hours for 9-14 kids.

Premium Package: \$325- 2 activities for up to 3 hours for 15-20 kids.

Although we recommend only two activities, a third activity and up to a half hour (if needed) can be added to any package for an additional \$50.

We provide pre-party access to our facility at no charge so that you can decorate and setup as needed. Our party room accommodates up to 25 people with seating and tables. We also have a refrigerator, freezer, toaster oven and microwave for your serving convenience. Papa John's in Palomar delivers to Newton's Attic and will give you the school price of \$6.50 for a large, single topping pizza.

Newton's Attic has both indoor and outdoor space for birthday parties and also offers outdoor activities throughout the winter. Please ask your guests to dress warmly if you choose an outdoor activity.

If your child's friends have never been to Newton's Attic, it will be a true treat for them.

Have fun with physics! We have an array of activities that kids (and parents) love. Choose any two from:

Outdoor Activities

G-Force

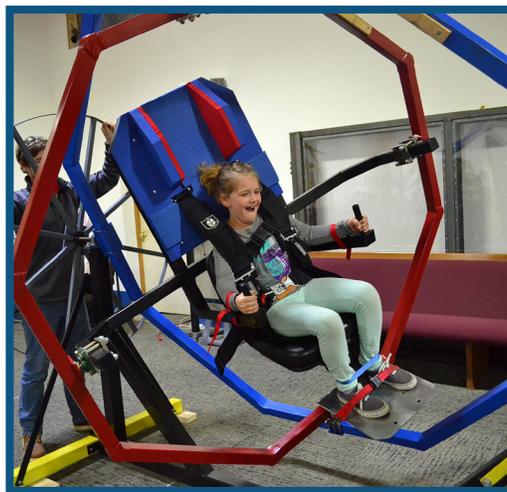

Are you brave enough? Sling shot down a 125' long track. A mini-roller coaster in our front lawn.

Tennis Ball Cannons

Compressed air powered tennis ball cannons are great fun when shooting at various targets in our outdoor shooting gallery.

The Ballista (aka The Pumpkin Chunker)

Designed in the form of a medieval siege engine, the Ballista can shoot a pumpkin over 400 feet. You supply the squash - we supply the launch!

Rocket Build and Launch

Design and build a custom model rocket and then 3-2-1 launch (from the cover of our awning) and watch as it soars up to 300 feet.

Indoor Activities

SPINtron

This fun and exciting NASA-inspired ride flips, spins, and rolls, simulating the motion of a tumbling space capsule.

Rubberband Crossbows

Build your own 10" x10" handheld, wooden Rubber Band Crossbow and then test your skills on targets. You will get to use tools in the shop, and everyone gets to keep what they make.

Our parties are great for ages 5 - 95!
Adult friendly parties where parents can have a good time, too!
